What will the trip be like?

So, here's the deal. This is going to be an amazing trip and it would only served to make the trip even more awesome if you were there. We have gotten a hold of three houses all next door to each other where we will be spending the week. Each day will be filled with its own adventures. Let's just say for now that King's Dominion,

paintball, and a full day of water activities are going to make up only three of the activities planned. This has every intention of being a trip that you could not compare to any other, so make every effort to come if you can. And if you are questioning if you have the funds, just come and talk to John Chaffee or Mark Boyd if you have any questions.

The Nitty Gritty

Participant Contract:

I understand no alcohol, drugs, weapons, fireworks, or tobacco of any kind will be permitted on this trip. I understand that behavior that endangers people or property during Walking on Water or any of our lodging and transportation accommodations will not be tolerated. I understand that those responsible for any damage will be financially responsible and that students are expected to follow directions adult leaders on the trip may give. This is not a complete set of rules or expectations of the summer Middle School trip, but I understand as situations arise, the adult leaders will use prudence in determining what is a safe practice and what is not. I also agree to respect the rules given by leaders such as curfew, respect of other people and their property, and glorifying God at all times. I understand that anyone whose behavior violates this contract may be asked to leave and their parents will be responsible for picking them up and taking them home at that time.
